Dear Toni Kuzman,

I acknowledge receipt of your two emails today.

Whether \$100 or \$100,000 or one million dollars, my advice to you remains the same - it appears to me that there is possibly a charge of "Obtains by Deception" against Stu Macann and/or Keith Lightfoot, depending on the circumstances, however to have that potentially investigated you need to lodge a formal complaint with the New Zealand Police. Your other alternative is to seek recompense via the civil courts as a civil debt.

It is not that this branch is unwilling to help you, it is that we are unable to help you, as the matter falls outside our jurisdiction to investigate.

As previously explained to you in my email of the 5 August 2008, the Immigration Fraud Branch only investigates allegations of fraud committed against Immigration New Zealand - ie. the Immigration department itself is the victim. We do not investigate offences committed by one individual against another individual, or a company against an individual.

Placing information on a blog, or randomly sending letters and emails to a variety of government departments is unlikely to yield a result for you, in terms of potentially getting your money back. Most departments will be unable to assist due to legislative constraints limiting their area of focus. You need to contact the specific departments who are potentially in a position to best assist you, namely, the New Zealand Police and/or the civil court.

Yours faithfully

Wendy Greaves

Dear Wendy Greaves

I am pleasantly surprise from your answer as official represent from New Zealand authorities, Department of Labour-INZ, **Thank You very much, indeed!** I read your *re* on my Complaint very carefully, I understand your answer and maybe your email will give some hope for me, my case and for the other **229** deceived emigrants who had lost at least **\$600.000** ! Read at Blog page on my site or click directly here: [Migrants have NO hope of refunds-press...15Dec.07.pdf](#) - from National: press.co.nz

Please, read my text below and you will understand the point of my Fight against this Dirty Immigration Fraud! Normally that I want to refund my money back but please, maybe my Money is not so important in all of this **Mess*** I think that the most important thing is Stu Macann & KEITH LIGHTFOOT to be PUNISH for their CRIMINAL acts !

Why?

Because they presented me with their 'Certificate of Incorporation' from the Register of Companies in New Zealand over the Internet. This certificate was sent as evidence that I was dealing with serious companies acknowledged by the authorities in New Zealand. The aforementioned certificate is enclosed in the documentation in my site, and as such is at your disposal. This very document was their principal argument that made me collaborate with them. The fact that they were acknowledged by the Government of New Zealand and its institutions as a guarantee of their truly 'honest' operation was the main reason I trusted them and paid in my money IN ADVANCE for an incompletely performed job. > **They ABUSE New Zealand official documents** first - to **obtain confidence** from potential Emigrants and second-to **steal** money from me and other 229 deceived emigrants!

Until now, I sent my case TWO times **to all relevant** factors and represents of the NZ Authorities - PM, Ministers, Police, Consumer Affairs, IAA, etc...! First time> Please see Email addresses and answers here: [The DECEIVED EMIGRANT-negativ.pdf](#) and Second time here: [Criminal in New Zealand - New Attack.pdf](#) also more relevant Email addresses and new Scam from K. Lightfoot + NZ Police email, here: [Keith Lightfoot has a new SCAM.pdf](#) ; (all of this you have at **Blog** page - **COMMENTS** > on my site) and I have to note that some of them simply overfulfil or transfer my case from one to another institution. I've been fighting against this dirty Immigration FRAUD and for your (NZ Authorities) ATTENTION from Dec.'07 and for now I can say that I am deeply disappointed from Reaction of the New Zealand authorities = Exactly, NO REACTION **or** negative and very frustrated reaction for me and other 229 deceived emigrants!

However, I do **not** want to waste your time with long and boring Email, **you have everything on my site** (<http://kuztoni.mysite.com/>) only I will ask for your patience and time; and If you have time or when you will have time please read more carefully my true story especially above link Attachments and I hope that you will understand everything and why I will continue with my fight all around the world!

My intention is everybody in the world to know about this dirty immigration Fraud especially big and important TV, Internet and Radio Station, Newspapers, world Agents, Authorities and Representatives who are in connection with Immigration and many, many more ...etc... in Australia, Europe, USA ...etc... I can guarantee one thing for me: I will NEVER quit with my fight against this dirty Immigration Fraud and Criminal, till the moment when I will see that Stu Macann & KEITH LIGHTFOOT will be PUNISH for their CRIMINAL acts! I honestly hope that laws and institutions do exist in New Zealand and that they will undertake appropriate actions** Especially because **Keith Lightfoot** continues with his normal life, without any consequences or penalty for his past criminals acts in the field of Immigration - now hi is a Public Speaker, as you can see from his new web site: <http://www.publicspeaking.co.nz/>

And at the end as Cream on coffee ; you can read in: [The DECEIVED EMIGRANT-negativ.pdf](#) (Blog page- **COMMENTS** > the >Report on the conduct of the **liquidation** and proposals for completing the liquidation< from Crichton Horne and Associates Ltd, Chartered Accountants, Christchurch for **Skills New Zealand Limited** (In Liquidation) also, at the end of same document is Final CUT - **Final** and Complete Liquidation of Skills New Zealand Limited - Ex NewJobZ (without any Refunds for Us **229** deceived emigrants-Creditors)>Or as I want to say Long Live the...Christchurch **Legends** >Stu Macann & KEITH LIGHTFOOT ** I do Not know what to do - to CRY or to LAUGH - ha, ha, ha....where is my Money or more Important, where is the Future for my Daughter, ME and my majestic Purpose & Motto > to live *Only, Near the OCEAN* without any **fear** from catastrophic TSUNAMI *

Kind Regards and All the Best in your Life...

Toni

Subject: **Your complaint re Stu Macann & Keith Lightfoot**

Dear Toni Kuzman

I am writing in response to your emails dated 15 July 2008 and 18 July 2008 to the Associate Minister of Immigration Shane Jones, with regard to Stu Macann and Keith Lightfoot and their companies Newjobz and SkillsNZ. Your letters have been forwarded to the Immigration Fraud Branch for our assessment of the information they contain, and for any follow up action that may be warranted.

Before we accept a complaint for investigation, it is necessary for us to make an initial assessment of the information provided to consider and determine -

- ⌘ Whether a criminal offence relating to an immigration matter is likely to have been committed; plus
- ⌘ Whether an offence against Immigration New Zealand has been committed;
- ⌘ Whether the matter falls under our jurisdiction to investigate. In some cases the matter more appropriately sits with the Police to investigate; and
- ⌘ The weight and calibre of the evidence available for us to pursue.

I advise that the Immigration Fraud Branch only investigates allegations of fraud committed against Immigration New Zealand (ie. the Immigration department itself is the victim). Where there is sufficient evidence, we take appropriate action against those people who have provided false information to the Department, or who have attempted to mislead the Department in some way.

We do not investigate offences committed by one individual against another individual, or a company against an individual. Depending on the issue, this would usually be a matter for either the civil courts, the disputes tribunal or, in some cases, the Police.

It is difficult to discern from your emails exactly what has taken transpired between yourself and Messer's Macann & Lightfoot, but the inference is that you (and others) have been "ripped off" in some way. Your website suggests that you paid them US\$2450 to find you a suitable job in New Zealand but the only work they did was to prepare a CV and send you some emails.

If this is correct - that Macann & Lightfoot have taken your money but not undertaken the work you contracted and paid them to do - then this could potentially be the offence of "Obtains by Deception" and would be a matter for the Police to investigate (not us). If you have not already done so, my recommendation is that you lodge a complaint with the NZ Police. There are also remedies available through the civil courts to try and get your money back.

I will also forward the details contained in your email to the newly formed Immigration Advisers Authority (IAA). The IAA is responsible for licensing and regulating those people offering services as an Immigration Adviser and investigates complaints made about a licensed Immigration adviser. There may not be anything the IAA can do at this time, but it may prevent Mr Macann and Mr Lightfoot from becoming a licensed Immigration agent in the future.

At this point in time we are unable to assist you further in this matter. Should you wish to correspond further with the Immigration Fraud Branch on the subject, please ensure you quote the reference number **FR02530** in any correspondence to us.

Thank you for bringing this matter to our attention.

Yours faithfully
